EARNINGS DISCLAIMER

Results are not typical. **Your results may vary.** I make no claim that you will earn any income using this system whatsoever. Where specific figures are quoted from individuals there is no assurance you will do as well, since I don't know how much time you are prepared to spend working this system. You must assume the risk that you will not earn any income from this product.

The Secret Online Income System

by Anders Eriksson, <http://www.Ask-Anders.com>

Dear Friend,

Let's face it, making money online can be a **little bit confusing!**

There's no doubt that buying and selling online is a proven money maker, but getting the sales volumes you need is the most difficult thing for anyone to do.

However, my system does **not involve buying or selling a single thing** online, so that won't be an issue :)

Frankly, my outlays are just virtually **non-existent!**

If you decide to try this system, you will discover that there is **very little competition**, because most people just don't see the hidden treasures just waiting for them to collect.

In fact most people probably **know nothing** about my system, since it's a completely different way of working online.

Imagine not having to resort to buying products to sell, and using fancy tools, or any kind of expensive advertising -- and yet being able to pocket hundreds, or even thousands of \$\$\$ in your PayPal account in a as little as **4-6 months**, with only 1-2 hours of work per day...

This is not a get rich quick system - it's a **real online business model!**

Sure, there are lots of ebooks that will teach you how to become a maestro online, but with this system, you can be a complete newbie, as this is by far the easiest, **quickest and most effective method around.**

Period!

If you are like me, you have been constantly searching for new ways of making money that don't conform to the norm. Sound at all familiar?

The Secret Online Income System

by Anders Eriksson, <http://www.Ask-Anders.com>

But then I got this idea...

I've gotten **tons of requests** from people who want to make money online, but just don't have time to go chasing down fresh new ways.

And I mean tons..

So many, in fact, that it made me think..

“How can I help these people?”

It took time, but I came up with a short report, guiding you step by step through the same process I am using, so you will be able to make money in the same way I am doing.

You will need a day or two to set things up if you are completely new to setting up simple websites, and to create a PayPal and an AlertPay account, if you have never used these services before.

Rest assured, the method outlined in my short report **is by far my favourite** way to make money online -- and by far the easiest to setup and maintain!

Don't worry, I'll show you **the exact steps** needed to succeed.

My secret system have never failed me and since it kicked in I have never made less than \$2500 per month: actually it's usually **much more!**

Admit it...don't you smile just a little bit when you see yourself in a **brand new car** or on the **vacation resort** of your dreams?

Everybody wants to be a winner!

Just look below and see how simple this system is:

You do NOT need a product.

The Secret Online Income System

by Anders Eriksson, <http://www.Ask-Anders.com>

* You do NOT have to have previous experience with setting up websites and/or PayPal/AlertPay, as I will show you how.

* You do NOT need any money to set this up -- in fact, you just need a working email address.

* You do NOT have to create or do anything for anyone but yourself -- this is NOT about creating a product or offering a service at all!

So, how can this system help You to a **life changing event**?

Well, you will be working online, using the power of some of the **top 10 most visited websites** on the planet.

There are literally **millions of people registered** on those sites, with more joining every day.

There are at least thousands of people amongst those who either already make a living online, or wish to **supplement their incomes** by starting an online business.

What does this mean to you? - There are also lots of people **who have failed and lost money trying** to market online, which is fine by me (and now you), because...

- I do NOT want you to **sell anything** -- selling is NOT your first priority, it's quite the opposite...

You will be using the information in my short report to **help those that wish to sell** (really!) get new customers, and get paid in the process...

...and using the money you'll be getting each month from the 1st step of this system, you put the 2nd step of my amazingly simple system into action.

...and since there is NO selling involved...

The Secret Online Income System

by Anders Eriksson, <http://www.Ask-Anders.com>

- * You will NOT have the hassle of fulfilling orders or handling abusive refund requests.
- * You will NOT have to worry about getting your products stolen or pirated upon.
- * You do NOT have to worry about anything (well almost..)

Simply put - this system can allow you to make money online in a little known way that is hassle free -- and **only takes an hour or two per day** to maintain once you get the ball rolling.

If you want to work from home or just want an additional income source, in order to be able to give your loved ones a little extra, **then this system is where you start.**

Included is everything you need to start your own NEW online venture, and I will even give you all the required marketing material that has **consistently brought me \$2500+** in any given month!

So where is the catch?

I would love to say that there isn't one, since there are actually two...

- * You will have to put some work in - obviously..
- * You may have to admit that you have wasted a lot of your life working for the wrong person; now is the time to start working for the right person -- YOU!

Finally! A way to quickly and easily make thousands, using little known secrets of how to monetize the Internet, without actually buying or selling anything online..

And here's the **real kicker**...

The Secret Online Income System

by Anders Eriksson, <http://www.Ask-Anders.com>

* Remember, this unique tactic is not used by many people..

* I've been quietly using it to pull in fat PayPal and AlertPay checks for months!

I'm not talking about the tired old systems that for most people only get a few hundred bucks a month, like eBay Marketing, Sports Betting, or Forex, or Cash Gifting or anything like that...

Nope - with this one-of-a-kind system, you'll do extremely well -- if you just follow my lead, and stay with the system for a period of 4 to 6 months!

Okay, So now You must be asking Yourself **how much** I will be charging for a system that can turn You into an instant, online income generating wizard, all while running Your very own business from the comfort of your home, and only spending a few hours per day maintaining it?

Honestly, I gave some serious consideration to bundling this into one of my Make Money Online membership sites, along with my Online Success Blueprint course, and charging between \$97 & \$197 a pop.

But then it would have been out of reach for most people...

The good news is that I'm not going to charge you anywhere near \$97, or even \$197 for that matter...

In fact, your total investment for this "**The Secret Online Income System**" is only going to be...

\$0.00

Yes, FREE!!!

This is an incredible value for the money, so don't let this opportunity pass you by!

I have spent many hundreds of hours developing and fine-tuning this incredible income system and the income possibilities are amazing!

The Secret Online Income System

by Anders Eriksson, <http://www.Ask-Anders.com>

Obviously, it won't just magically add money to Your bank account simply by having this system collecting digital dust on your hard drive...

However, if you're willing to do a little bit of work to get things going, then this system is for **YOU**. And it's something that will change your life in a BIG way, such as more money, more time, and more happiness.
